Why Office Snax?

- We are the “go-to” snacks people in the office products industry, carried by most office products dealers in the country and by thousands of e-tailers.
- All of our products are supported by the channel’s wholesalers. Because of this, our items are available for next day delivery.
- We are a true “channel brand”, with no retail presence. Our items dominate catalog pages nationwide.
- Our items are dedicated to the office products industry.
- In addition to stocking breakrooms, our products are perfect for promotional items, welcome desk candy and leave-behinds on sales calls.
- Many of our items are certified Kosher.
- Our items are designed for sharing, with a large selection of our candy and snacks individually wrapped.

Why Office Snax? (cont'd)

Our “information only” web-site, www.officesnax.us, is a great source for dealers to download hi-res images, web banners, and other marketing materials to support our line.

23,360,000,000 of these delicious, littlebabychewynuggets are made every year. In our opinion, that's not nearly enough.

We can do better, America.

The Rainforest Alliance uses the power of markets to arrest the major drivers of deforestation and environmental destruction: timber extraction, agricultural expansion, cattle ranching and tourism. They work to ensure millions of acres of working forests, farms, ranchlands and hotel properties are managed according to rigorous sustainability standards. And by linking those businesses to conscientious consumers, who identify their goods and services through the Rainforest Alliance Certified™ seal and Rainforest Alliance Verified™ mark, they demonstrate that sustainable practices can help businesses thrive in the modern economy.
